

REDEFINE WATER MOBILITY, NOW!

OVERBOAT®

# REDEFINE WATER MOBILITY, NOW!

The OVERBOAT<sup>®</sup> is an electric personal water craft that is smart, quiet and respectful of the marine environment.

Available as a single-seater without a license with retractable hydrofoils or as a two-seater without hydrofoils.

## THE OVERBOAT<sup>®</sup> CLEAN, SMART & ZEN

### ZERO EMISSIONS

Respectful of the marine environment

### ZERO NOISE

100% electric personal water craft

### ZERO WAKE

Thanks to the hydrofoils

3 retractables hydrofoils.

Intuitive 7" LED color screen and throttle.

Removable batteries.

**OFFERS YOU THE ONE-OF-A-KIND PLEASURE  
AND SENSATION OF FLYING ON WATER!**

## 100 FOILER SINGLE-SEATER

### TECHNICAL DATA\*

- Length: 3.34 m (10'95")
- Unladen weight: 282 lbs (128 kg)
- Maximum load: 220 lbs (100 kg)
- Electric motor: 4.5 kW, 50 V
- Batteries: 5.7 kWh
- Hull: polyester / fiberglass
- 3 retractable hydrofoils
- Charging time 1.45 hours
- Reverse gear

### PERFORMANCE\*

- Top speed: 15 knots (17 mph)
- Cruising speed: 12 knots (14 mph)
- Take-off speed: 8 knots (9 mph)
- Battery life: 2 hours

### CUSTOMIZABLE

Remote control, customized painting,  
tarps, trailer, geofencing, tracking...

2-years warranty

\*Non-contractual data

**VERSION WITHOUT HYDROFOILS,  
SPEED - CONTROLLED WATERS**

OPTIONS AND FITTINGS TO BE AGREED FOR PORT USE

## 150 CLASSIC TWO-SEATER

### TECHNICAL DATA\*

- Length: 3.60 m (11' 8")
- Unladen weight: 309 lbs (140 kg)
- Maximum load: 397 lbs (180 kg)
- Electric motor: 4.5 kW, 50 V
- Batteries: 5.7 kWh
- Hull: polyester / fiberglass
- Charging time 1.45 hours
- Reverse gear

### PERFORMANCE\*

- Top speed: 12 knots (14 mph)
- Cruising speed: 8 knots (9 mph)
- Battery life: 2 hours

### CUSTOMIZABLE

Remote control, customized painting,  
tarps, trailer, geofencing, tracking...

2-years warranty

\*Non-contractual data

# THE PLEASURE OF HYDROFOILING WITHOUT HAVING TO LEARN

## Very accessible

A personal water craft developed like a drone, with sensors and an electronic processor that adjusts the hydrofoils 100 times per second.

## Energy efficient

It consumes 10 times less energy than a waterboat and 20 times less than a personal water craft at the same speed. Its batteries last over 5 years and are interchangeable.

## Adapted for professionals and individuals

The OVERBOAT® 100F is perfectly suited for rental facilities, hotels & resorts, sports trainers and yacht owners.

## Respectful sailing

The OVERBOAT® does not emit any CO2 or waste and does not make harmful noise even for underwater wildlife.

# NEOCEAN®

is committed to ocean protection, and has been awarded various labels.
